

Sun City Lincoln Hills Orchard Creek Lodge Lincoln, CA

BMG
INC • AIA
Architecture &
Planning

Sun City Lincoln Hills Orchard Creek Lodge is a 65,000 sf recreation center, which BMG Inc. thinks is the most unique project of it's kind in the Del Webb inventory. The lodge includes a large porte cochere connected to the main building by way of a glass-covered walkway. The main lobby, which the walkway connects to, is a large glazed atrium. Orchard Creek Lodge has a ballroom that will hold 350 people and a large dining room overlooking the golf course.

This project also includes a fitness center with large exercise rooms and a large outdoor and indoor pools with a perimeter second floor indoor track overlooking the pool. The stand alone golf pro shop for this project became the model for most subsequent Del Webb facilities.
